Features

- Announcing our new 1400 Lumen LED Work Light that is built for the most demanding work environments including material handling, construction, agricultural, forestry, mining and other off road equipment applications.
- Unique mounting feature - bracket can be mounted to each side of the light allowing for versatile mounts in complicated spaces. Mount the light to the left or right side, top or bottom depending on where you need it. Mounting Bracket is features an adjustable tilt w/ 180 degrees forward or backward tilt.
- LED lighting means low maintenance and less operating costs - no more broken bulbs or burned out bulbs! LEDs are not affected by the vibrations of heavy equipment and the light is rated to last 30,000+ hours for a long-lasting and reliable light source unlike traditional halogen or incandescent lighting.
- Waterproof o-ring sealed design with a rugged die cast metal housing.
- Exclusive SoundOff Signal premium optics maximize the LED output. All work lights are available in Spot, Flood or Trapezoid illumination patterns.

TECHNICAL SPECIFICATIONS	
Illumination Patterns	Flood, Spot or Trapezoid
Color Temperature:	5700k
Input Voltage Range:	10 - 60 Vdc for worldwide use
Current Consumption:	
@ 12.8 Vdc	3.7 amps
@ 25.6 Vdc	1.8 amps
@ 51.2 Vdc	0.9 amps
# of LEDs:	8 Generation 3 LEDs
Light Sync Technology:	No
Operating Temperature:	-40° to +65° C
Dimensions:	length x width x depth
	5.11" l x 4.12" w x 2.64" d 5.51" height (w/ bracket)
